### 30 July 2023

#### Usage reports enhancements

Several improvements to the Cloud Volumes ONTAP usage reports are now available:

- The TiB unit is now included in the name of columns.
- A new *node(s)* field for serial numbers is now included.
- A new *Workload Type* column is now included under the Storage VMs usage report.
- Working environment names are now included in the Storage VMs and Volume usage reports.
- The volume type *file* is now labeled *Primary (Read/Write)*.
- The volume type *secondary* is now labeled *Secondary (DP)*.

For more information about the usage reports, refer to [Download usage reports](#).

### 7 May 2023

#### Google Cloud private offers

The BlueXP digital wallet now identifies Google Cloud Marketplace subscriptions that are associated with a private offer and shows the end date and term of the subscription. This enhancement enables you to verify that you've successfully accepted the private offer and to validate its terms.

#### Charging usage breakdown

Now you can find out what you're being charged for when you're subscribed to capacity-based licenses. The following types of usage reports are available for download from the BlueXP digital wallet. The usage reports provide capacity details of your subscriptions and tell you how you're being charged for the resources in your Cloud Volumes ONTAP subscriptions. The downloadable reports can be easily shared with others.

- Cloud Volumes ONTAP package usage
- High-level usage
- Storage VMs usage

- Volumes usage

For more information about the usage reports, refer to [Download usage reports](#).

## 3 April 2023

### Email notifications

Email notifications are now supported with the BlueXP digital wallet.

If you configure your notification settings, you can receive email notifications when your BYOL licenses are about to expire (a "Warning" notification) or if they have already expired (an "Error" notification).
