Manage E-Series systems

View your E-Series systems

After you discover your E-Series systems, you can view details about capacity distribution, volumes, and hosts.

Required NetApp Console role

Organization admin, Folder or project admin, Storage admin, or System health specialist. [Learn about Console access roles.](#)

Steps

1. From the navigation menu, select **Storage > Management**.
2. On the **Systems** page, select the E-Series system that you want to view.
3. Select any of available menu options to view more details about your E-Series system:
 - **Overview:** A detailed view of the system's capacity distribution (allocated, free, and unassigned capacity), the number of volumes, hosts, and more.
 - **Volumes:** Details about the volumes on the system, including assignment, RAID level, allocated capacity, and more.
 - **Hosts:** Details about the hosts that send I/O to a volume on the storage system.

Remove an E-Series from the NetApp Console

Remove an E-Series system if you no longer want to manage it from the NetApp Console.

Required NetApp Console role

Organization admin, Folder or project admin, or Storage admin. [Learn about NetApp Console access roles.](#)

Removing the NetApp Console system doesn't affect the E-Series system. You can rediscover it from at any time.

Steps

1. From the navigation menu, select **Storage > Management**.
2. On the **Systems** page, select the E-Series system.
3. Select the menu icon and select **Remove from Workspace**.
4. Select **Remove** to confirm.
