# GetRawStats

NetApp engineering uses the `GetRawStats` API method to test new features. The data returned from `GetRawStats` is not documented, changes frequently, and is not guaranteed to be accurate. You should not use `GetRawStats` for collecting performance data or any other management integration with a storage cluster running Element software.

Use the following supported API methods to retrieve statistical information:

- [GetVolumeStats](#)
- [GetClusterStats](#)
- [GetNodeStats](#)
- [GetDriveStats](#)

## New since version

9.6
