Delete tag names

You can delete the entire tag for saved configurations.

About this task

Saved configurations can be deleted by removing the tag name. When you delete the tag name, all of the configurations associated with those tags will also be deleted.

Steps

1. Click **Favorites**.
2. From **Saved Criteria** dialog box, click **Configurations** tab.
3. Click delete icon X under **Action** column. The pop up is displayed asking you whether or not you want to delete saved tags and its associated configurations.
4. Click **Yes** to delete tags and its associated configurations.
5. Click **No** to retain tags and its associated configurations.
