Subscribe to configurations

You can subscribe to configurations with any name of your choice for a particular solution or component. This helps you to receive updates by email when there is an update or change in the subscribed row. You can subscribe to a maximum of 20 configurations.

About this task

You can receive the emails for the following instances:

- When components are added to the configuration
- When components are deleted from the configuration
- When notes are added or deleted from the configuration
- When the state of the configuration is changed from supported to any of the additional terminal states – (EOS, Obsolete, and so on.)

Steps

1. In the **Results** page, click star to save the configuration. After you save the configuration, the star turns yellow. You can save a maximum of 20 configurations.
2. In the **Tag Configuration** dialog box, enter the name and description to bookmark the configuration for reference.
3. Click **Subscribe** to this configuration checkbox.
4. Click **Tag**.
