

Managing reports

OnCommand Insight

NetApp
June 10, 2024

Table of Contents

- Managing reports 1
 - Customizing a report's output format and delivery 1
 - Copying a report to the clipboard 2
 - Opening reports (xml) from the clipboard 3

Managing reports

For each report, you can select the **More** link in the Actions column, and access all of the report operations, such as setting report properties, scheduling reports, or emailing reports. Administrators have more management options available than other users.

Administrators can set permissions for other report users according to their OnCommand Insight roles.

Customizing a report's output format and delivery

You can customize the format and delivery method of reports.

Steps

1. Open the OnCommand Insight Reporting Portal and select the report you want to customize and click [...].

2. Click **Properties > Schedule**

< Back

Create schedule
