# cluster space commands

## cluster space modify

Modify Cluster Space Attributes

**Availability:** This command is available to *cluster* administrators at the *admin* privilege level.

### Description

The `cluster space modify` can be used to modify space attributes of a cluster.

### Parameters

**[-full-threshold-percent <percent>] - Cluster Full Threshold Percent**

This optionally specifies the percentage at which the cluster is considered full, and above which a critical EMS error will be generated.

**[-nearly-full-threshold-percent <percent>] - Cluster Near Full Threshold Percent**

This optionally specifies the percentage at which the cluster is considered nearly full, and above which an EMS warning will be generated.

## cluster space show

Displays Cluster Space Information

**Availability:** This command is available to *cluster* administrators at the *admin* privilege level.

### Description

The `cluster space show` command displays information about space usage within the cluster. The command output depends on the parameter or parameters specified with the command. If no parameters are specified, the command displays the following information about all clusters.
