Severity

ALERT

Description

This message occurs during a storage failover (SFO) aggregate giveback, when a SnapMirror® Business Continuity (SMBC) automatic unplanned failover operation is in progress.

Corrective Action

Wait for the operation to finish. If giveback is required immediately, use the "override-veto true" parameter with the giveback command, or retry the operation with the "override-vetoes true" parameter. Note: Using this option might cause an I/O disruption.

Syslog Message

Storage Failover giveback cannot complete for aggregate "%s" because an SMBC automatic unplanned failover is in progress.

Parameters

aggrname (STRING): Name of the aggregate.
