Enable backups for OneNote 1

Enable backups for OneNote

By default, backups for OneNote notebooks are not enabled. If you want your OneNote notebooks backed up, you must enable the backup in the desired service.

Steps

1. Click **Services** from the left navigation pane.

2. Click Microsoft 365.

3. Under **Manage Services**, click the backup settings icon  next to the service that you need to update.

A list of your backup settings available for the selected service is displayed.

4. Select **ENABLE ONENOTE BACKUP**.

5. Click **Confirm**.

Notebooks will be included in the next scheduled backup. If you want them backed up immediately, perform an [immediate backup](#).
