SnapDrive configuration wizard ..... 1

# SnapDrive configuration wizard

Use the SnapDrive configuration wizard to update the configuration variables in the wizard. You can run the configuration wizard at any time to modify your configuration changes to SnapDrive.

You can run the configuration wizard from `/opt/NTAPsnapdrive/setup/config_wizard`

Enter `exit` to close the configuration wizard, without saving the changes.

Alternatively, you can modify the configuration variables value directly in the `snapdrive.conf` file.
