Deleting the storage system mapping information from the host system

You can delete the storage system mapping information from the host system.

Steps

1. Enter the following command:

```
snapdrive config migrate delete new_storage_system_name  
[new_storage_system_name...]
```

- *new_storage_system_name* is the name of the new storage system.
- [*new_storage_system_name...*] defines that you can delete multiple storage system names on one command line.

```
snapdrive config migrate delete roaster  
Deleted entry for appliance: roaster
```
