The smo credential list command

This command lists all credentials of a user.

Syntax

```
smo credential list  
\[ -quiet \| -verbose \]
```

Parameters

- **-quiet**

Displays only error messages on the console. The default is to display error and warning messages.

- **-verbose**

Displays error, warning, and informational messages on the console.

Example command

This example displays all of the credentials for the user running the command.

```
smo credential list
```

```
Credential cache for OS user "user1":
