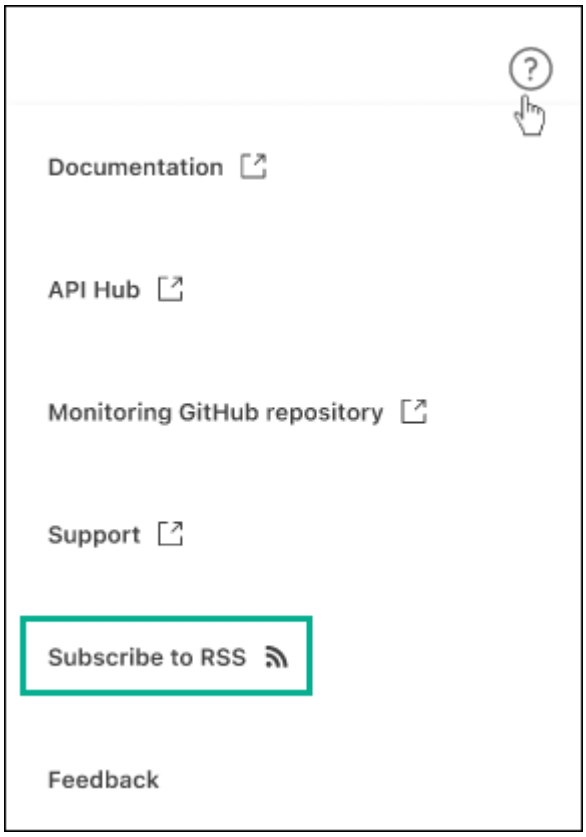
What's new

Learn what's new with Workload Factory administration features: cloud provider credentials, Codebox enhancements, and more.

1 September 2024

RSS subscription

RSS subscription is available from the Workload Factory console. Using an RSS feed is an easy way to consume and be aware of changes in BlueXP Workload Factory.



Support for a single permission policy per workload

When adding AWS credentials in Workload Factory, you can now select a single permission policy, either read or automate mode, for each workload and storage management.
